The Dewan Sahib  
Saranor

Respected Sir,

I beg to state that the  
Barma Bateerappa Sirabadi has  
not yielded to give his consent to part-  
a little portion of land, when the real  
Khataydar has given his consent to  
our Mamalatdar Haveri has decided  
to propose to bring the line from the  
Wharmanala to the Railway Station.  
Accordingly Mamalatdar has replied  
officially to take the land thro land  
acquisition act. Today our Mamalatdar  
went from Hatthimathur to Haveri and  
informed to communicate the same  
to a higher honor, also the papers has been  
sent officially. Mamalatdar wants  
to forward papers to acquire land marking  
the present deviation from Wharmanala  
to the Ry Station, the state overseer to pass  
line in Survey No 93, straight from  
Wharmanala to the Ry Station, and  
send papers direct from Government  
Honors office only to the Political  
Agent for necessary action, so that  
to given on soon. Mamalatdar also  
expressed as soon as he hears from  
the Asst. Collector notification will be  
given to acquire the necessary land.  
Therefore pray to send Mamalatdar's  
letter direct from Government Honors  
office only. Pray excuse from Me

I beg to remain.

- . Final order 17/12/09.

It will comply to the Presd,  
J.L.B. Kasji.

(2) The up thinks that the road shd  
be constructed by the agency of the Kasji  
J.L.B. as the road is entirely within  
Kasji limits.

(3) As to repairs up suggests that  
the road shd be maintained jointly by  
the J.L.B. Kasji, Sav. State, & Bankapur  
J.L.B. who shd each contribute  $\frac{1}{3}$  of the  
cost of repairs. The repairs themselves  
shd actually be done by the Kasji J.L.B.

2) U.S. agrees with the suggestions of  
the A.A. as to the share of cost of repairs to  
be borne by the State & the two I.L.Bs.,  
the road being taken to mean road from  
Sav to Hattimattur Ry Str.

3) The road within Sav limits already  
exists & as the state contributes a third  
of the cost, it is but fair that the road shd.  
be maintained in a state of thorough repairs  
year after year. U.S. thinks the actual construction  
of the road shd be done by the Karjaji I.L.B. but the  
annual repairs shd be done by the State, the two  
I.L.Bs contributing a third, each, of the cost of  
repairs without pleading the excuse

Dear Sir.

I was anxiously  
looking forward to being

The Divan Sahib was  
kind enough to write to me.  
But as the Commissioner

the very next day I am sorry

I cd not avail myself  
of the kind invitation from the

I had to request him to speak  
to you about the cause of  
the failures & ask you to  
kindly excuse the same. I  
hope to be able to make  
amends when next you will

I had a call from my

purpose I mean to request  
the Mamlatdar of Karjigi

hope that the matter will be

If you agree with us  
you will, I pray, favour

may proceed accordingly.  
You will also be kind

Local Board Sub Overseer.  
Village officers of Jallapur &

Read copies of plans & state-  
ments of lands to be acquired in the

villages Kalukhond & Jellapur.

The road starts from S. No 92 and runs through 88, 87, 83, 49, 143, 45 & 44, so far as Jellapur goes. The owners of S. nos. 92, 87 & 88 state that if the road be made to pass along the southern boarder of their fields they will readily give the land free of price from their respective fields.

The owners of S. Nos 83 & 49 flatly decline to come to terms

Both the State Overseer & Talukha Local Board Sub Overseer, Karajgi, suggest that if the request of the owners of Nos 92, 87 & 88 be granted, the road would naturally pass through S. Nos 84 & 43 which are waste

Survey Nos 44 & 45 are owned by ~~the~~ occupants who are absent.

It is desirable that the road should be made to pass through only <sup>one</sup> S. No 45 instead of both.

In view of the convenience of Rayats and the desirability of the negotiations for the acquisition of land being concluded with the least possible delay & expense, the above mentioned deviations are accepted for recommendation.

With regard to the portion of the road that passes through Kulabkond village limits, the occupants who are present, of nearly all the S-10s, agree to part with their land free of any compensation. A few of the owners of lands required in both the villages are absent. Their statements will be recorded by the Mamlatdar as early as possible & the result communicated to the Diwan. It is hoped that they too will part with their lands free of cost.

The Savanur State Officer has been asked to make alterations in the plan accordingly; when it is ready the Diwan Sahib will forward it to the Executive

Engineers. D. O. through the Assistant Political Agent.

It is further requested that as soon as the papers are got back by the Divan from the Executive Engineers through the Assistant Political Agent steps will be taken by the Divan Sahib to commence the work.

Do L.A. 146 of 8/2/1910

It will comply to the order of the  
S.A. I am & A.P. A. S.A. for favour of consideration  
& necessary order.

2. The above is the report from Mr. Changa  
J.L.B. Sub-overseer bearing the endorsement of  
Mr. Karji's works committee member (Chairman  
& member Hattimattur group both of whom  
suggest that the work of S.A. Hattimattur road  
should be carried out thro the Karji J.L.B. Agency.

3. The U.P. considered that the work being  
nearest to S.A., the money too being at the disposal  
of the Diwan & the State Overseer being  
admittedly more competent, its execution should  
be better managed by the Diwan than the U.P.  
J.L.B. Karji. But <sup>Mr.</sup> Changa seems to think  
that the U.P.'s consenting to the work being  
done by the S.A. State P.W.D. means a sort

of degradation to the <sup>sub</sup>dividers & he offers to show all his energy & professional skill in the execution of the work. Similarly the Chairman of the W.C. promises to cooperate heartily.

4. Under these circumstances the Up. Secy to recommend that Mr. Chandra might be given a chance when he shows his earnest desire to execute the work it being an original work. If this meets with the approval of the Presd. Mr. B. K. K. & Bankapur & the A.S. A. Secy. the V.P. Secy. readily offer to undertake the execution of the work provided the Divan Secy. as well as the State Overseer promises to give their heartiest help to the Up.

5. There is now no longer any trouble to be taken over the acquisition of the land the villages of Jellapur & Kalakkur having already shown their generosity by making a free gift of their respective plots required for the road.

6. The V.P. Secy. humbly to request that Govt. will also be gracious enough to show their generosity in forgiving their claim for compensation as capitalized value for the two <sup>50</sup> assessments due to Govt. The Up. Secy.

Dear Mr. Rogers -

Your letter of the 28<sup>th</sup>  
ult. I have. I regret the  
delay in answering. Your letter  
was mislaid.

You can start work on  
the Haltemath Station and as  
soon as the question of compensation  
& acquisition of the land is  
duly settled -

Yrs faithfully,

W.D. Lewis.

My Dear Rao Bahadur

Excuse silence  
your favour through the  
Station master Hattimāt  
has duly to hand. I have  
not replied to it so long,  
only because in the wk  
I am not able to go to that  
side again, & those men  
who are (in the villages)  
left without being brought  
forward for their ~~charges~~  
do

do not like to come so far  
and give their consent to  
part with their lands. At  
least, so it seems, to  
all appearances -

2 I have arranged  
separately to report accom-  
panying I send whatever  
statements we have al-  
ready taken - when there,  
to the Assistant Collector  
Mr. Hardy - and request  
the starting of the work,  
instead of waiting any  
longer -

longer. I think you  
have seen my report - al-  
ready sent that orders to  
this effect are necessary -  
we can depend upon ac-  
quiring if necessary all  
those lands that may re-  
main - as not granted vol-  
untarily. The men  
who were asked to ob-  
tain consent or send the  
men here have not yet  
replied to my references -  
It is possible the men may  
be avoiding appearance  
because they may not be  
willing

willing to give the ~~23rd~~  
wanted lyrics - and given  
by some of their co-vil  
lages, I am far inferior &  
incompetent - as compared  
to your strong - sure and con-  
fident action in all such  
points - as well as that  
of Rao Sahab V. K. Jogdekar.  
I thank you both for the trou-  
bles you took & for your  
worthy example also. I wd  
wishing to follow yr footsteps  
if I could. But there is an  
if - no doubt -

Yrs most sincerely  
V. N. Parchure
